PART ONE: SAFEGUARDING POLICY

 1.0 INTRODUCTION Safeguarding and promoting the welfare of children is defined as – Protecting children from maltreatment; Preventing impairment of children's health or development; Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and Taking action to enable all children to have the best outcomes. Children include everyone under the age of 18 	 This means that our school is committed to safeguarding and promoting the welfare of all its pupils. We believe that: Our children have the right to be protected from harm, abuse and neglect That every child has the right to an education and children need to be safe and to feel safe in school Children need support that matches their individual needs, including those who may have experienced abuse Our children have the right to express their views, feelings and wishes and voice their own values and beliefs Our children have the right to be support each other? Our children have the right to be support each other Our children have the right to be support of meet their emotional and social needs as well as their educational needs Our school will contribute to the prevention of abuse, victimisation, bullying (including homophobic, biphobic, trans-phobic and cyberbullying), exploitation, extreme
	risk taking behaviours All staff and visitors have an important role to play in safeguarding children and protecting them from abuse.
Schools will fulfil their local and national responsibilities as laid out in the following documents:	In our school the following people will take the lead in these areas:
The most recent version of <u>Working Together to</u> <u>Safeguard Children</u> (DfE)	Our Data Protection officer is: <i>Naz Ajmal</i>

2.0 OVERALL AIMS	This means that in our school we will:
 This policy will contribute to the protection and safeguarding of our pupils and promote their welfare by: Clarifying standards of behaviour for staff and pupils Contributing to the establishment of a safe, resilient and robust ethos in the school, built on mutual respect and shared values Introducing appropriate work within the curriculum Encouraging pupils and parents to participate; Alerting staff to the signs and indicators that all 	 Identify and protect our vulnerable pupils Identify individual needs as early as possible; and Design plans to address those needs Work in partnership with pupils/parents/carers and other agencies. Our policy extends to any establishment our school commissions to deliver
 Developing staff awareness of the causes of abuse 	education to our pupils on our behalf including alternative provision settings.
 Developing staff awareness of the risks and vulnerabilities their pupils face Addressing concerns at the earliest possible stage; and Reducing the potential risks pupils face of being exposed to violence, extremism, exploitation, discrimination or victimisation. 	Our Governing Body will ensure that any commissioned agency will reflect the values, philosophy and standards of our school. Confirmation should be sought from the school that appropriate risk assessments are completed and ongoing monitoring is undertaken.

3.0 GUIDING PRINCIPLES These are the 7 guiding principles of safeguarding, as stated by Birmingham Safeguarding Children Board (found in Right Help Right time);	This means that in our school that all staff will be aware of the guidance issued by Birmingham Safeguarding Children Board in <u>Right Help Right Time</u> , and procedures for <u>Early Help</u> .
 Have conversations and listen to children and their families as early as possible. Understand the child's lived experience. Work collaboratively to improve children's life experience. Be open, honest and transparent with families in our approach. Empower families by working with them. Work in a way that builds on the families' strengths. Build resilience in families to overcome difficulties. 	

4.0 EXPECTATIONS	This means that in our school:
 All staff and visitors will: Be familiar with this Safeguarding & Child Protection Policy Understand their role in relation to safeguarding Be alert to signs and indicators of possible abuse (See Appendix 1 for current definitions and indicators) Record concerns and give the record to the DSL, or deputy DSL, and Deal with a disclosure of abuse from a child in line with the guidance in Appendix 2 - you must inform the DSL immediately, and provide a written account as soon as possible. Be involved, where appropriate, in the implementation of individual School-focused interventions, Early Help assessments and Our Family Plans, Child In Need Plans and inter-agency Child Protection Plans 	 All our staff will receive annual safeguarding training and update briefings as appropriate. Key staff will undertake more specialist safeguarding training as agreed by the Governing Body. Our Governors will be subjected to an enhanced DBS check and 'section 128' check. We will follow Safer Recruitment processes and checks for all staff.
 5.0 THE DESIGNATED SAFEGUARDING LEAD (DSL) The DSL will be a member of the Senior Leadership Team. Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL. This responsibility should not be delegated. Governing bodies and proprietors should ensure that the DSL role is explicit in the role-holder's job description and appropriate time is made available to the DSL and deputy DSL(s) to allow them to undertake their duties. 	This means the DSL team in our school will be: Lead:Ms Devina Shryane Deputies: Mrs Jane Nizamis Ms. Danielle Akers Mrs Hannah Price Any steps taken to support a child who has a safeguarding vulnerability must be reported to the lead DSL or Deputy DSLs. Staff will be informed of relevant details only when the DSL feels their having knowledge of a situation will improve their ability to support an individual child and/or family. A written record will be made of what information has been shared, with whom, and when.

 Safeguarding and Child Protection information will be dealt with in a confidential manner. Safeguarding records will be stored securely in a central place separate from academic records. Individual files will be kept for each pupil: the school will not keep family files. Files will be kept for at least the period during which the pupil is attending the school, and beyond that in line with current data legislation and guidance. If a pupil moves from our school, Child Protection and Safeguarding records will be forwarded on to the DSL at the new school, with due regard to their confidential nature and in line with current government guidance on the transfer of such records. Direct contact between the two schools may be necessary, especially on transfer from Primary to Secondary schools. 	Because we use CPOMS and store our records electronically we do not hold paper files. We will not disclose to a parent any information held on a child if this would put the child at risk of significant harm We will ensure records are sent in a timely manner and by either hand or recorded delivery. We will record where and to whom the records have been passed and the date. This will allow the new setting to continue supporting victims of abuse and have that support in place for when the child arrives.
 6.0 THE DESIGNATED TEACHER FOR LOOKED AFTER AND PREVIOUSLY LOOKED AFTER CHILDREN The Governing body must appoint a designated teacher (in non-maintained schools and colleges an appropriately trained teacher should take the lead) and should work with local authorities to promote the educational achievement of registered pupils who are looked after. On commencement of sections 4-6 of the Children and Social Work Act 2017, our designated teachers will have responsibility for promoting the educational achievement of children/ young people who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. Birmingham Children's Trust has on-going responsibilities to the young people who cease to be looked after and become care leavers. That includes keeping in touch with them, preparing an assessment of their needs and appointing a personal adviser who develops a pathway plan with the young person. This plan describes how the Birmingham Children's Trust will support the care leaver to participate in education or training. 	 In our school the Designated Teacher is: Mrs Jane Nizamis Our Designated Teacher will: Work with the Virtual school to provide the most appropriate support utilising the pupil premium plus to ensure they meet the needs identified in the child's personal education plan. Work with the virtual school head to promote the educational achievement of previously looked after children. In other schools and colleges, an appropriately trained teacher should take the lead. Our DSL's will keep the details of Birmingham Children's Trust Personal Advisor appointed to guide and support the care leaver, and will liaise with them as necessary regarding any issues of concern affecting the care leaver

7.0 THE GOVERNING BODY	In our school this means that:
Governing Bodies and proprietors should ensure that there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare;	All governors must have read part 2 of "KCSIE-18" Our nominated Governors for Safeguarding
 The school operates "Safer Recruitment" procedures and ensures that appropriate checks are carried out on all new staff and relevant volunteers The Head Teacher and all other staff who work with children undertake safeguarding training on an annual basis in line with statutory requirements. In addition to this all staff are required to attend half termly Safeguarding staff meetings with a high focus on Safeguarding issues pertinent to our school community, with additional updates as necessary within a 2-year framework and a training record maintained Temporary staff and volunteers are made aware of the school's arrangements for safeguarding the DSL who will deliver Safeguarding training before they undertake any work with pupils in our school. The school remedies any deficiencies or weaknesses brought to its attention without delay; and The Governing body have a written policy and procedures for dealing with allegations of abuse against members of staff, visitors, volunteers or governors that complies with all BSCB procedures. The Nominated Governor is responsible for liaising with the Head Teacher and DSL over all matters regarding safeguarding and child protection issues and a report on Safeguarding updates is presented to all school Governors during FGB meetings. The role is strategic rather than operational – they will not be involved in concerns about individual pupils. 	and Child Protection are: Sajda Butt Kerry Sheckler These Governor will receive safeguarding training relevant to the governance role and this will be updated every 2 years. The Governing Body will review all policies/procedures that relate to safeguarding and child protection annually. A member of our Governing Body (usually the Chair) is nominated to be responsible for liaising with Birmingham Children's Trust in the event of allegations of abuse being made against the Head Teacher. The Nominated Governor will liaise with the Head Teacher and the DSL to produce a report at least annually for governors and ensure the annual Section 175 safeguarding self-assessment is completed and submitted on time.
8.0 SAFER RECRUITMENT & SELECTION	This means that in our school:
The school should pay full regard to 'Safer Recruitment' practice including scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job.	The following school staff have undertaken Safer Recruitment training: 1 Devina Shryane (Head Teacher) 2 Naz Ajmal (Office Manager)
It also includes undertaking interviews and appropriate checks including disclosure & barring check, barred list checks and prohibition checks. Evidence of these checks must be recorded on our Single Central Record.	And the following members of the Governing Body have also been trained: 1 Sajda Butt

All recruitment materials will include reference to the	One of these will be involved in all staff

8.1 Induction All staff must be aware of systems within their setting which support safeguarding and these should be explained to them as part of staff induction.	 Our staff induction process will cover: The Safeguarding & Child Protection policy; The Behaviour Policy; The Staff Behaviour Policy (sometimes called a Code of Conduct); The safeguarding response to children who go missing from education; and The role of the DSL (including the identity of the DSL and any deputies). Copies of policies and a copy of Part one of the KSCIE-18 document is provided to staff at induction.
8.2 Staff Support Regular supervision will be offered to the Lead DSL within school, usually half-termly and may be extended to other members of staff as deemed appropriate by the school.	We recognise the stressful and traumatic nature of safeguarding and child protection work. We will support staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support as appropriate. Mental Health First Aiders are also available for any member of staff who may need support. Any member of staff returning to work from long term absence such as maternity leave will also receive a full Safeguarding induction on return to work.

9.0 THE USE OF REASONABLE FORCE	This means in our school:
3.0 THE USE OF REASONABLE FORCE	This means in our school.
There are circumstances when it is appropriate for staff in school to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involves a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a child needs to be restrained to prevent violence or injury.	By planning positive and proactive behaviour support, will reduce the occurrence of challenging behaviour and the need to use reasonable force. We will write individual behaviour plans for our more vulnerable children and agree them with parents and carers.
'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. Departmental advice for schools is available here: <u>https://www.gov.uk/government/publications/use-of- reasonable-force-in-schools</u>	We will not have a 'no contact' policy as this could leave our staff unable to fully support and protect their pupils and students. When using reasonable force in response to risks presented by incidents involving children including any with SEN or disabilities, or with medical conditions, our staff will consider the risks carefully.
10.0 THE SCHOOL ROLE IN THE PREVENTION OF ABUSE	This means that in our school:
This Safeguarding & Child Protection Policy cannot be separated from the general ethos of the school, which should ensure that pupils are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to. Safeguarding issues will be addressed through all areas of the curriculum.	 We will provide opportunities for pupils to develop skills, concepts, attitudes and knowledge that promote their safety and well-being. All our policies which address issues of power and potential harm, for example Anti- Bullying, Discrimination, Equal Opportunities, Handling, Positive Behaviour, will be inter-linked to ensure a whole school approach.
11.0 WHAT WE WILL DO WHEN WE ARE	This means that in our school we will:
CONCERNED - EARLY HELP RESPONSE Where unmet needs have been identified for a child utilising the Right Help Right Time (RHRT) model but there is no evidence of a significant risk, the DSL will make simple and reasonable adjustments within the educational setting. This may be all that is needed to address the unmet needs.	Add the child to our records of children with safeguarding vulnerabilities. Support our school staff to deliver an appropriate Early Help response, normally the child's class teacher. This will be documented in an appropriate format such as the '3 Houses' and added to the child's
The school will utilise the Signs of Safety and Wellbeing practice framework and the 3 columns of the Early Help Conversation Log. School-focused plan (2 nd page of the EH Conversation Log) will then be regularly reviewed and updated to record progress towards the goals until the unmet safeguarding needs have been addressed.	We will develop a school-focused action plan with the child and parent/carer as appropriate, utilising the Signs of Safety and Wellbeing practice framework and the Early Help Conversation Log.
Where a multi-agency Early Help response is required in order to meet the unmet safeguarding need, the school	The DSL will generally lead on liaising with other agencies and setting up the Our Family Plan. This multi-agency plan will

will set up an Early Help assessment and an Our Family Plan. They will register these documents with the Early Help Support Team.	then be reviewed regularly and progress updated towards the goals until the unmet safeguarding needs have been addressed.
Should it be felt that a Think Family or Social Care response is needed to meet the unmet safeguarding need; the DSL will initiate a Request for Support, seeking advice from Children's Advice and Support Service (CASS) as required.	In our school although any member of staff can refer a situation to CASS, it is expected that the majority are passed through the DSL team
The DSL will then oversee the agreed intervention from school as part of the multiagency safeguarding response and ongoing school-focused support.	

With effect from 1st July 2015, all schools are subject to a duty to have "due regard to the need to prevent people being drawn into terrorism" (section 26, Counter Terrorism and Security Act 2015). This is known as The Prevent Duty.Values freedom of speech and the expression of beliefs and ideology as fundamental rights underpinning our society's values.  14.0 CHILDREN MISSING FROM EDUCATION A child going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding risks, including abuse and neglect, which may include sexual abuse or exploitation; child criminal exploitation; mental health problems; substance abuse and other issues. Early intervention is necessary to identify the existence of any underlying safeguarding risks and to help prevent the risk of them going missing in future. Work around attendance and Missing from Education will be coordinated with safeguarding interventions. The school must notify the Local Authority of any pupil/student who fails to attend school regularly after making reasonable enquiries, or has been absent without the school's permission for a continuous period of 5 days 	staff, workshop for parents and lessons for
 or more. The school (regardless of designation) must also notify the Local Authority of any pupil/student who is to be deleted from the admission register because s/he: Has been taken out of school by their parents and is being educated outside the school system (e.g. home education) Has ceased to attend school and no longer lives within a reasonable distance of the school at which s/he is registered (moved within the city, within the country or moved abroad but failed to notify the school of the change) Displaced as a result of a crisis e.g. domestic violence or homelessness 	We will work closely with the CME Team, School Admissions Service and the Elective Home Education Team. Parents will receive regular, up to date information regarding attendance.
 Has been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither s/he nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age Is in custody for a period of more than four months due to a final court order and the proprietor does not reasonably believe that s/he will return to the school at the end of that period Has been permanently excluded 	
15.0 PEER ON PEER ABUSE	This means that in our school:
It is important that school and college can recognise that	We will not tolerate instances of peer on

It is important that school and college can recognise that children are capable of abusing their peers, and that this abuse can include physical abuse, sexting, initiation/ hazing, sexual violence and harassment. The school's values, ethos and behaviour policies provide the platform

16.0 Criminal Exploitation & Gang Affiliation	This means that in our school we will follow the Criminal Exploitation & Gang Affiliation

missing episodes. It is important that children who are criminally exploited are seen as victims and not treated as criminals, and treated through safeguarding and child protection procedure.	Through our curriculum we will ensure pupils and staff are educated and aware of risks. We will work with West Midlands Police to deliver workshops for parents, children and staff where possible.
 Work to address criminal exploitation is covered by relevant legislation including: Crime & Disorder Act – 1998 Children Act – 2004 	https://www.birmingham.gov.uk/downloads /file/11545/birmingham_criminal_exploitati on_and_gang_affiliation_practice_guidanc e_2018

IHREE STEPS TO DELIVERING EARLY HELP IN EDUCATION

https://www.birmingham.gov.uk/download/downloads/id/8187/3_steps_to_delivering_early_help_in_education.doc

16.0 INVOLVING PARENTS/CARERS

- 16.1 In general, we will discuss any Safeguarding or Child Protection concerns with parents/carers before approaching other agencies, and will seek their consent to making a referral to another agency. Appropriate staff will approach parents/carers after consultation with the DSL.
 - 16.1.2 However there may be occasions when the school will contact another agency **before** informing parents/carers because it considers that contacting them may increase the risk of significant harm to the child.
- 16.2 Parents/carers will be informed about our Safeguarding & Child Protection Policy through our school website, school prospectus, parent workshops and weekly newsletters which will always have a focus on an area of Safeguarding relevant to families and children.

17.0 MULTI-AGENCY WORK

- 17.1 We work in partnership with other agencies to promote the best interests of our children and keep them as a top priority in all decisions and actions that affect them. Our school will, where necessary, liaise with these agencies and make requests for support from Birmingham Children's Trust. These requests will be made by the DSL to the Children's Advice and Support Service (CASS) - 0121 303 1888. Where the child already has a safeguarding Social Worker or Family Support Worker, the 'Request for Support' should go immediately to the team involved, or in their absence, to their team manager.
- 17.2 When invited the DSL will participate in a MASH strategy meeting, usually by conference phone, adding school-held data and intelligence to the discussion so that the best interests of the child are met.
- 17.3 We will co-operate with any Child Protection enquiries conducted by Birmingham Children's Trust: the school will ensure representation at appropriate inter-agency meetings such as Our Family Plan, Children in Need, Initial and Review Child Protection Conferences, and Core Group meetings.
- 17.4 We will provide reports as required for these meetings (17.3). If the school is unable to attend, a written report will be sent and shared with Birmingham Children's Trust at least 24 hours prior to the meeting.
- 17.5 Where a pupil/student is subject to an inter-agency Child Protection Plan or a multiagency risk assessment conference (MARAC) meeting, the school will contribute to the preparation, implementation and review of the plan as appropriate.

18.0 OUR ROLE IN SUPPORTING CHILDREN

- 18.1 Our school staff will offer appropriate support to individual pupils who have experienced abuse, who have abused others (peer on peer abuse) or who act as Young Carers in their home situation. The school currently has a range of school mentors, trained in bereavement counselling, child mental health first aiders, talking and drawing.
- 18.2 An Our Family Plan will be devised, implemented and reviewed regularly for these children. This Plan will detail areas of support, who will be involved, and the child's wishes and feelings. A copy of the Plan will be kept in the child's safeguarding record.
- 18.3 Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment. Within our school we will ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.

18.4 We will ensure the school works in partnership with parents/ carers and other agencies as appropriate.

19.0 RESPONDING TO AN ALLEGATION ABOUT A MEMBER OF STAFF

See also Birmingham Safeguarding Children Board Procedures on <u>Allegations against Staff and Volunteers</u>.

- 19.1 This procedure must be used in any case in which it is alleged that a member of staff, Governor, visiting professional or volunteer has:
 - Behaved in a way that has harmed a child or may have harmed a child
 - Possibly committed a criminal offence against or related to a child; or
 - Behaved in a way that indicates s/he is unsuitable to work with children.
- 19.2 Although it is an uncomfortable thought, it needs to be acknowledged that there is the potential for staff in school to abuse pupils.
- 19.3 All staff working within our organisation must report any potential safeguarding concerns about an individual's behaviour towards children and young people immediately.
 - 19.3.1 Allegations or concerns about staff, colleagues and visitors must be reported directly to the Head Teacher who will liaise with the Birmingham Children's Trust Designated Officer (LADO) Team who will decide on any action required.
 - 19.3.2 If the concern relates to the Head Teacher, it must be reported immediately to the Chair of the Governing Body, who will liaise with the Designated Officer in Birmingham Children's Trust (LADO) and they will decide on any action required.
 - 19.3.3 If the safeguarding concern relates to the proprietor of the setting then the concern must be made directly to the Birmingham Children's Trust Designated Officer (LADO) Team who will decide on any action required.

20.0 CHILDREN WITH ADDITIONAL NEEDS

- 20.1 Our School recognises that all pupils have a right to be safe. Some pupils may be more vulnerable to abuse, for example those with a disability or special educational need, those living with domestic violence or drug/alcohol abusing parents, etc.
- 20.2 When the school is considering excluding, either for a fixed term or permanently, a vulnerable pupil or one who is the subject of a Child Protection Plan or where there is an existing Child Protection file, we will call a multi-agency risk-assessment meeting prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment should be completed prior to convening a meeting of the Governing Body.

21.0 CHILDREN IN SPECIFIC CIRCUMSTANCES

21.1 Private Fostering

- 21.1.1 Many adults find themselves looking after someone else's child without realising that they may be involved in private fostering. A private fostering arrangement is one that is made privately (that is to say without the involvement of Birmingham Children's Trust) for the care of a child under the age of 16 (under 18, if disabled) by someone other than a parent or immediate relative. If the arrangement is to last, or has lasted, for 28 days or more, it is categorised as private fostering.
- 21.1.2 The Children Act 1989 defines an immediate relative as a grandparent, brother, sister, uncle or aunt (whether of full blood or half blood or by marriage or civil partnership), or a step parent.

- 21.1.3 People become involved in private fostering for all kinds of reasons. Examples of private fostering include:
 - Children who need alternative care because of parental illness;
 - Children whose parents cannot care for them because their work or study involves long or antisocial hours;
 - Children sent from abroad to stay with another family, usually to improve their educational opportunities;
 - Unaccompanied asylum seeking and refugee children/young people;
 - Teenagers who stay with friends (or other non-relatives) because they have fallen out with their parents;
 - Children staying with families while attending a school away from their home area.
- 21.1.4 There is a mandatory duty on the school to inform Birmingham Children's Trust of a private fostering arrangement this is done by contacting CASS (0121 303 1888). The Trust then has a duty to check that the child/young person is being properly cared for and that the arrangement is satisfactory.

APPENDICES

DEFINITIONS AND INDICATORS OF ABUSE

1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers); or
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The following may be indicators of neglect (this is not designed to be used as a checklist):

- Constant hunger
- Stealing, scavenging and/or hoarding food
- Frequent tiredness or listlessness
- Frequently dirty or unkempt
- Often poorly or inappropriately clad for the weather
- Poor school attendance or often late for school
- Poor concentration
- Affection or attention seeking behaviour
- Illnesses or injuries that are left untreated
- Failure to achieve developmental milestones, for example growth, weight
- Failure to develop intellectually or socially
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings
- The child is regularly not collected or received from school
- The child is left at home alone or with inappropriate carers

2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape
- Bruises that carry an imprint, such as a hand or a belt
- Bite marks
- Round burn marks
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks;
- An injury that is not consistent with the account given
- Changing or different accounts of how an injury occurred
- Bald patches
- Symptoms of drug or alcohol intoxication or poisoning

- Unaccountable covering of limbs, even in hot weather
- Fear of going home or parents being contacted
- Fear of medical help
- Fear of changing for PE
- Inexplicable fear of adults or over-compliance
- Violence or aggression towards others including bullying
- Isolation from peers

3. SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by rape and/or penetration or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge
- Anal or vaginal discharge, soreness or scratching
- Reluctance to go home
- Inability to concentrate, tiredness
- Refusal to communicate
- Thrush, persistent complaints of stomach disorders or pains
- Eating disorders, for example anorexia nervosa and bulimia
- Attention seeking behaviour, self-mutilation, substance abuse
- Aggressive behaviour including sexual harassment or molestation
- Unusual compliance
- Regressive behaviour, enuresis, soiling
- Frequent or openly masturbating, touching others inappropriately
- Depression, withdrawal, isolation from peer group
- Reluctance to undress for PE or swimming
- Bruises or scratches in the genital area

4. SEXUAL EXPLOITATION

Child Sexual Exploitation occurs when a child or young person, or another person, receives "something" (for example food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of the child/young person performing sexual activities, or another person performing sexual activities on the child/young person.

The presence of any significant indicator for sexual exploitation should trigger a referral to Birmingham Children's Trust. The significant indicators are:

- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity)
- Entering and/or leaving vehicles driven by unknown adults
- Possessing unexplained amounts of money, expensive clothes or other items
- Frequenting areas known for risky activities
- Being groomed or abused via the Internet and mobile technology; and
- Having unexplained contact with hotels, taxi companies or fast food outlets.

• Missing for periods of time (CSE and County Lines)

5. EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child/young person such as to cause severe and persistent adverse effects on the child/young person's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child/young person opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child/young person's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child/young person participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another person. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment.

The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways as stupid, naughty, hopeless, ugly
- Over-reaction to mistakes
- Delayed physical, mental or emotional development
- Sudden speech or sensory disorders
- Inappropriate emotional responses, fantasies
- Neurotic behaviour: rocking, banging head, regression, tics and twitches
- Self-harming, drug or solvent abuse
- Fear of parents being contacted
- Running away
- Compulsive stealing
- Appetite disorders anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis.

N.B: Some situations where children stop communicating suddenly (known as "traumatic mutism") can indicate maltreatment.

6. RESPONSES FROM PARENTS/CARERS

Research and experience indicates that the following responses from parents may suggest a cause for concern across all five categories:

- Delay in seeking treatment that is obviously needed
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb)
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development
- Reluctance to give information or failure to mention other known relevant injuries
- Frequent presentation of minor injuries
- A persistently negative attitude towards the child
- Unrealistic expectations or constant complaints about the child
- Alcohol misuse or other drug/substance misuse
- Parents request removal of the child from home; or
- Violence between adults in the household

• Evidence of coercion and control.

7. DISABLED CHILDREN

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that may not be of concern on an ambulant child such as the shin, maybe of concern on a non-mobile child
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint
- Rough handling, extreme behaviour modification such as deprivation of medication, food or clothing, disabling wheelchair batteries
- Unwillingness to try to learn a child's means of communication
- Ill-fitting equipment, for example, callipers, sleep boards, inappropriate splinting
- Misappropriation of a child's finances; or
- Inappropriate invasive procedures.

DEALING WITH A DISCLOSURE OF ABUSE

When a pupil tells me about abuse they have suffered, what should I remember?

- Stay calm.
- Do not communicate shock, anger or embarrassment.
- Reassure the child. Tell her/him you are pleased that s/he is speaking to you.
- Never enter into a pact of secrecy with the child. Assure her/him that you will try to help but let the child know that you will have to tell other people in order to do this. State who this will be and why.
- Tell her/him that you believe them. Children very rarely lie about abuse; but s/he may have tried to tell others and not been heard or believed.
- Tell the child that it is not her/his fault.
- Encourage the child to talk but do not ask "leading questions" or press for information.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that s/he has a right to be safe and protected.
- Do not tell the child that what s/he experienced is dirty, naughty or bad.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what s/he has told you. It is essential to record in writing, all you have heard, though not necessarily at the time of disclosure.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.
- If the disclosure relates to a physical injury do not photograph the injury, but record in writing as much detail as possible.

NB - it is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

Immediately after a Disclosure

You should not deal with this yourself. Clear indications or disclosure of abuse must be reported to Birmingham Children's Trust without delay, by the Head Teacher, DSL or in exceptional circumstances by the staff member who has raised the concern.

Children making a disclosure may do so with difficulty, having chosen carefully to whom they will speak. Listening to and supporting a child who has been abused can be traumatic for the adults involved. Support for you will be available from your DSL or Head Teacher.

ALLEGATIONS ABOUT A MEMBER OF STAFF, GOVERNOR OR VOLUNTEER

- 1. Inappropriate behaviour by staff/volunteers could take the following forms:
 - Physical

For example, the intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects, or rough physical handling.

Emotional

For example, intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes that discriminate on the grounds of race, gender, disability or sexuality.

• Sexual

For example, sexualised behaviour towards pupils, sexual harassment, inappropriate phone calls and texts, images via social media, sexual assault and rape.

• Neglect

For example failing to act to protect children/young people, failing to seek medical attention or failure to carry out an appropriate risk assessment.

• Spiritual Abuse

For example using undue influence or pressure to control individuals or ensure obedience, follow religious practices that are harmful such as beatings or starvation.

- 2. If a child makes an allegation about a member of staff, Governor, visitor or volunteer the Head Teacher must be informed immediately. The Head Teacher must carry out an urgent initial consideration in order to establish whether there is substance to the allegation. The Head Teacher should not carry out the investigation him/herself or interview pupils.
- 3. The Head Teacher should exercise and be accountable for their professional judgement on the action to be taken as follows:
 - If the actions of the member of staff, and the consequences of the actions, raise credible child protection concerns the Head Teacher will notify Birmingham Children's Trust Designated Officer (LADO) Team¹ (Tel: 0121 675 1669). The LADO Team will liaise with the Chair of Governors and advise about action to be taken, and may initiate internal referrals within Birmingham Children's Trust to address the needs of children likely to have been affected.
 - If the actions of the member of staff, and the consequences of the actions, do not raise credible child protection concerns, but do raise other issues in relation to the conduct of the member of staff or the pupil. These should be addressed through the school's own internal procedures.
 - If the Head Teacher decides that the allegation is without foundation and no further formal action is necessary, all those involved should be informed of this conclusion, and the reasons for the decision should be recorded on the child's safeguarding file. <u>The allegation should be removed from personnel records.</u>
- 4. Where an allegation has been made against the Head Teacher, then the Chair of the Governing Body takes on the role of liaising with the LADO Team in determining the appropriate way forward. For details of this specific procedure see the Section on <u>Allegations against Staff and Volunteers</u> in the procedures of Birmingham Safeguarding Children Board.
- 5. Where the allegation is against the sole proprietor, the referral should be made to the LADO Team directly.

¹ In other authorities the LADO service is referred to as the Position of Trust Team (POT) **26** | P a g e

INDICATORS OF VULNERABILITY TO RADICALISATION

- 1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
- Extremism is defined by the Government in the Prevent Strategy as: Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
- Extremism is defined by the Crown Prosecution Service as: The demonstration of unacceptable behaviour by using any means or medium to express views which:
 - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
 - Seek to provoke others to terrorist acts;
 - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
 - Foster hatred which might lead to inter-community violence in the UK.
- 4. There is no such thing as a "typical extremist". Those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
- 5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
- 6. Indicators of vulnerability include:
 - **Identity Crisis** the student/pupil is distanced from their cultural/religious heritage and experiences discomfort about their place in society
 - **Personal Crisis** the student/pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging
 - Personal Circumstances
 – migration; local community tensions; and events affecting the student/pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy
 - **Unmet Aspirations** the student/pupil may have perceptions of injustice; a feeling of failure; rejection of civic life
 - **Experiences of Criminality** which may include involvement with criminal groups, imprisonment, and poor resettlement/reintegration
 - **Special Educational Need** students/pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.
- 7. This list is not exhaustive, nor does it mean that all children experiencing the above are at risk of radicalisation for the purposes of violent extremism.
- 8. More critical risk factors could include:

- Being in contact with extremist recruiters
- Family members convicted of a terrorism act or subject to a Channel intervention
- Accessing violent extremist websites, especially those with a social networking element
- Possessing or accessing violent extremist literature
- Using extremist narratives and a global ideology to explain personal disadvantage
- Justifying the use of violence to solve societal issues
- Joining or seeking to join extremist organisations
- Significant changes to appearance and/or behaviour; and
- Experiencing a high level of social isolation resulting in issues of identity crisis and/or personal crisis.

PREVENTING VIOLENT EXTREMISM -ROLES AND RESPONSIBILITIES OF THE SINGLE POINT OF CONTACT (SPOC)

The SPOC for St Clement's CofE Primary Academy is Jane Nizamis, who is responsible for:

- Ensuring that staff of the school are aware that you are the SPOC in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Maintaining and applying a good understanding of the relevant guidance in relation to preventing students/pupils from becoming involved in terrorism, and protecting them from radicalisation by those who support terrorism or forms of extremism which lead to terrorism;
- Raising awareness about the role and responsibilities of St Clement's CofE Primary Academy in relation to protecting pupils from radicalisation and involvement in terrorism;
- Monitoring the effect in practice of the school's RE curriculum and Assembly Policy to
 ensure that they are used to promote community cohesion and tolerance of different
 faiths and beliefs;
- Raising awareness within the school about the safeguarding processes relating to protecting students/pupils from radicalisation and involvement in terrorism;
- Acting as the first point of contact within the school for case discussions relating to students/pupils who may be at risk of radicalisation or involved in terrorism;
- Collating relevant information in relation to referrals of vulnerable students/pupils into the Channel² process;
- Attending Channel meetings as necessary and carrying out any actions as agreed;
- Reporting progress on actions to the Channel Co-ordinator; and sharing any relevant additional information in a timely manner.

² Channel is a multi-agency approach to provide support to individuals who are at risk of being drawn into terrorist related activity. It is led by the West Midlands Police Counter-Terrorism Unit, and it aims to

Establish an effective multi-agency referral and intervention process to identify vulnerable individuals;

Safeguard individuals who might be vulnerable to being radicalised, so that they are not at risk of being drawn into terrorist-related activity; and

Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.
