Our values focus this half term **Courage**

Hi folks,

Well it's the end of Spring term already. The time has flown by. There has been lots going on in school and the children have all been working hard and striving to reach targets and goals. There has been some fab art going on and the children are enjoying the different range of skills they are learning in PE. Children will have received slips to let you know about places in the new after-school clubs beginning the first Monday back at school. Attendance and punctuality has continued to be a concern over the Spring term, hopefully the brighter, warmer days to come will help with this. Congratulations to Year 4 who were our attendance winners for Spring term and enjoyed a VIP lunch on today.

Year 6 and Year 2 will have a busy time over the break, revising and practicing for their SATs which will be just a few weeks after the break. Year 6 are also invited to the Easter revision club Mon-Wed of the first week of the break.

When we come back to school, there will be lots to look forward to, including our Coronation celebrations. We will be planting a Coronation Garden which will help encourage vital wildlife into the school grounds and brighten up some areas too. We may be asking for some help from parents over the next couple of months, as there are a few areas of the school grounds we would like to develop and have the children and their parents be involved.

The value this term has been courage and the children have been thinking and discussing how this benefits us all. Standing up for ourselves and others when we know something is wrong, the courage to stand up to our friends, and the courage to be our unique selves. We remember especially the courage Jesus had, to accept the role that God had given him. We are thankful for his sacrifice and courage, so that our sins may be forgiven.

Wishing you a peaceful Easter

Miss Shryane - Head Teacher

## This Week's Attendance & Punctuality

Attendance and punctuality are very important to help assist the children with their learning. Being absent or late disrupts not only their learning but that of their classmates.

## Safeguarding: Jeffy

We have had reports of children in school watching the You Tube Channel 'Jeffy'. This is not appropriate for any children below the age of 18 and we ask that parents ensure online safety for their children and put in place controls that stop child accessing 18+ material.

### Jeffy: What is it and what do you need to look out for?

Jeffy is the main character of a popular YouTube puppet show watched by millions of people published by the channel SuperMarioLogan. At first glance, the puppets and other Muppet-like characters may seem child friendly, but in reality, the videos include a lot of profanity and trivialise some very serious issues such as suicide and learning disabilities.

### Why could Jeffy pose a risk to children?

In the last few years, there has been a boom in what is now classified as 'adult animation'. A lot of these shows and videos have traits that could make you think they are meant for children, such as goofy cartoon characters or talking animals, but are in reality produced for an 18+ audience. Jeffy videos fall under this category and children unknowingly scrolling through YouTube might click on them thinking the content is appropriate for their age group. The character Jeffy is supposed to be a teenager with an unspecified learning disability. He is foul-mouthed and treats his father and the people around him very badly. This could set a negative example for your child if they try to mimic Jeffy's behaviour. The character also reinforces cruel and insensitive stereotypes surrounding children with disabilities.

### How do I prevent my child from watching Jeffy?

Following several complaints from concerned parents, Jeffy was given an adult rating by YouTube and can now only be watched by older audiences. To prevent your child from accessing inappropriate content, make sure they are watching videos through the YouTube Kids app. When using this particular version of the video-sharing platform, the content they can access will be filtered so that no content containing profanity, violence or nudity is available.
